

ENVIRONMENTAL ECONOMICS AND POLICY MINOR PROGRAM

The Environmental Economics and Policy minor program is open to any UC Berkeley student in good academic standing. There is no application procedure necessary; however, students are encouraged to declare their intention to minor. Please come to the Student Services Office, 203 Giannini Hall, for advising. Requirements for completing the minor program are listed below.

A minimum of six courses are required:

Lower Division

One course in principles of micro-economics (EEP 1, ECON 1, ECON 2 or ECON 3) or an AP score of 4 in economics

Upper Division*

EEP 100 (or ECON 100A or 101A) - Intermediate Microeconomics

EEP 101 (cross-listed as ECON 125) - Environmental Economics

EEP 102 - Natural Resource Economics

One course in quantitative methods from the following list (note that some are cross-listed courses):

EEP C115/ESPM C104, EEP C118/IAS C118, ECON C110/PEIS C135/POL SCI C135, ECON 140, ECON 141, ECON C142/POL SCI C131A/PUB POL C142, ENE,RES C130/EPS C120, ESPM 102B, ESPM 102C, ESPM 183, POL SCI 132A, PUB HLTH 140, PUB HLTH 142A, PUB HLTH 142B, STAT 131A

One of the following upper-division EEP courses in natural resource analysis and policy: 131, 140AC, 141, 142, 143, 145, C151, 152, 153, 154, 161, 162, C175, C180, or C181.

All courses must be taken for a letter grade, and a minimum grade point average of 2.0 must be obtained in the courses taken for the minor.

Please note that only 1 upper-division course can be counted toward the requirements for both your major and this minor.

Students who believe they have completed the requirements for the minor should apply for departmental certification by the semester in which they intend to graduate. (See Gail Vawter, Student Services Office, 203 Giannini Hall.)

*Two semesters of calculus (MATH 1A-B or 16A-B) are required as a prerequisite to upper division EEP courses.
