Microbial Biology (MB)

Overview of Major: Microbial biology is a pivotal field of study because small life forms such as microbes, viruses, and fungi make up the majority of planetary biomass, and constitute key branches of the Tree of Life. Microbes play fundamental roles in maintaining biosphere health: they degrade environmental pollutants; they supply essential nutrients and chemicals directly to multi-cellular organisms, and they engage in numerous beneficial symbioses with higher organisms. Infectious diseases regulate populations of plant and animals, and outbreaks recur in human societies globally.

Minimum Admission Requirements: Must be completed by the end of spring term preceding fall enrollment.

Other helpful courses:
- Statistics 2, 20, or 131A
- Physics 8A (and 8B if premed)
- Breadth requirements (15 units of social science and humanities)
- American Cultures Requirement

Admissions Review Process:
- Holistic review: Based on combination of academic and non-academic achievements.
- Includes personal essay, coursework, test scores, interest in the major and field. A thoughtful essay demonstrating a clear interest in the major helps build a stronger application.
- For more about admissions review: [http://admissions.berkeley.edu/selectsstudents](http://admissions.berkeley.edu/selectsstudents)

Application Timeline:
- UC Systemwide Application (November)
- UC Berkeley Work in Progress Update (January)
- Advisor Review (February)
- Decision notification (Late April)

Helpful Things to Know:
- IGETC satisfies Reading & Composition and all breadth courses.
- Admitted students begin developing their research projects in their second semester.

Competitive Applicants Will Have:
- Have completed, or are in process of completing, either IGETC or transferrable coursework for all lower division requirements for the Society & Environment major.
- A cumulative GPA of 3.0 or higher.
- Have taken a transferrable calculus or stats course and taken transferrable economics course - at the very least, a micro-economics course, if not micro- and macro-economics.

How to contact an advisor:
Major Advisor: Jennifer Halpert, jhalpert@berkeley.edu (Appointments are preferred for prospective students)
