American Cultures / Food Systems Minor

Summer Research Grant

Fill out our interest form at:
https://goo.gl/Tz3ZaL

Deadline: March 1st, 2018

The Food Systems minor aims to equip undergraduate students with the critical analytical, communication, and practical skills needed to assist in efforts to transform food systems. The capstone invites students to collaborate with diverse partners: farms, grassroots organizations, businesses, UC Cooperative Extension, research centers, etc.

Engage with your community and work for change.
