

Declaring a Major in CNR

For non-CNR students

- All major courses must be taken for a letter grade, with exception of breadth courses in EEP major. CNR majors require a minimum 3.0 cumulative GPA to transfer. Positive increase in GPA for major requirements will be considered if 3.0 requirement not satisfied. Students must also be in good standing.

- Both halves of the Reading and Comprehension requirement must be completed by the end of the 4th semester.

- Current UC Berkeley students who enter as freshmen are expected to graduate in a total of 8 semesters.

- Transfer students wishing to change colleges must meet with the major advisor for specific guidelines. Students must meet all lower division requirements, have a GPA above 3.0, and be on track to graduate in a total of 4 semesters at UC Berkeley.
