DEI Priorities and Programs

Faculty hiring and advancement

- Climate equity and environmental justice cluster
- Campus-wide leadership in development of faculty evaluation criteria and resources to enhance DEIB contributions*

Graduate admissions

- Most departments have moved to multi-step, rubric-based admissions processes to ensure inclusive excellence

Funding

- Allocation of Rausser funds to student-led initiatives and undergraduate DEIB programs

Baseline climate surveys

- Initiate annual surveys to track progress and identify priority issues

Strategic Plan & Vision

Rausser College of Natural Resources 2030

Berkeley Rausser
College of Natural Resources

Launching a College Strategic Plan

- Our work on sustainability, health, and justice has never been more important
- Diversity, equity, inclusion, and belonging (DEIB) are critical to our future, inside and outside the university
- We face financial headwinds - costs rising faster than revenues, and finance reform 2.0
- Across these three (and other challenges):
  - **Are we focused, urgent, nimble, and fresh in our approach?**
  - **Can we be more than the sum of our parts across the College?**
